## ABOUT

I'm Juanma Rodriguez and I'm 24 years old, I live in Buenos Aires - Argentina / from Tucumán -Argentina.  
Front-end developer, Information Systems Engineering student and autodidact. I love technology and i like think that i'll play an active role in its development in one near future. I like math and programming, but also i have one artistic side that it inspires me to learn more about design and development of website and apps.
